

CERTIFICATE

**Welding of railway vehicles and components according to:
EN 15085-2**

This Certificate is issued to:

**NAIVAN
Fuentecillas, 17-19; Júndiz
01015 Vitoria (Álava)
Spain**

Is qualified to perform welding work within the range of certification of

Certification Level CL1 according to EN 15085:2007 Part 2

Scope: New manufacture of components for the railway sector.

Welding processes and base material groups:

Procesos de soldeo	Grupo de material base	Detalles
141	22	1.4 – 2.6 BW sl 1.4 – 4 FW sl
141	8 – 8.1	1.4 – 2.6 BW sl 1.4 – 4 FW sl
135	1	3-20 BW, FW (from 5mm), Up to 355 Mpa
135	8	3 – 12mm FW
135	2	2.1 – 6 mm SC sl FW Up to 700 MPa
135	2	2.1 – 3.9 mm SC sl BW Up to 700 MPa
131	22-23	1.5-20 mm

Weld performance classes up to CPC1.

Responsible welding coordinator (RWC): Jorge Ruiz de Azúa Fernández. IWE-ES-934. Born 01/08/1969

Deputy Responsible welding coordinator: Alfonso Ruiz de Gordo Lacunza. IWE-ES-265. Born 01/03/1972

Comments: see annex.

Certificate No: LRE/15085/CL1/006/0/15

Valid: 30 de March 2018

Issued on: 31 de March 2015

Auditor: Rodrigo González

IWE number: ES-962

Comments:

This Certificate is subject to monitoring of compliance by Lloyd's Register Spain SA as required by the standard EN15085-2: 2007

General regulations

according to EN 15085-2

Revocation of the Certificate

The national safety authority or the manufacturer certification body issuing this certificate may revoke the certificate if:

- there are justified doubts as to the proper execution of the welding work according to the stated standards,
- there are justified doubts as to the proper welding coordination according to the stated standards,
- no recognized welding coordinator is available any longer,
- no valid qualification test certificates for the welders and welding operators according to the specified standards are available,
- welders or welding operators without tested qualifications have been entrusted with the execution of welding work under the stated standards,
- other conditions according to the stated standards are no longer satisfied,
- the manufacturer certification body was refused an opportunity to perform the annual verification,
- the welding manufacturer waives the certificate

The welding manufacturer shall acknowledge the revocation in writing to the manufacturer certification body. The manufacturer certification body shall notify the national safety authority.

If a valid certificate is to be renewed, the renewal must be applied for with the manufacturer certification body at least three months before the end of the period of validity of the current certificate.
